Stafford ST18 9QL

WELCOME TO OUR ONLINE CATALOGUE

Whether it's providing our expertise to top level sports clubs, grass roots teams or your local school, here at Mark Harrod Limited we do it well.

For many years now we have been at the forefront of sports equipment innovation and design, making sure that all equipment we provide is up to the task at the lowest possible price.

All our manufacturing, using British materials takes place at our factory in Staffordshire, in the heart of the UK. As a result we have been able to utilise many practices normally

associated with heavy engineering ensuring our products are of exceptional quality and conform to British Standards.

We are proud to be a member of the Sports and Play Construction Association (SAPCA). As a member of SAPCA we are fully compliant in all aspects of sports equipment quality and safety.

This dedication to quality and service has long been noticed, and as well as being one of the country's most respected sports equipment manufacturers we are now the leading supplier of futsal goals in the UK.

WHAT IS THAT?

It is a British Standard that has been harmonised with the European Standard safety test. This specifies the functional and safety requirements for badminton equipment.

MARK HARROD

BASKETBALL

SURE SHOT - SOCKETED GOALS

All socketed goals come complete with nets

Here at Mark Harrod we manufacture only the best quality sports equipment, and we demand that same quality from our suppliers.

That's why we only supply Sure Shot basketball goals. Their products have been designed to withstand the demands of frequent use, and we couldn't recommend them more highly.

1. 671 SURE SHOT LONG REACH GLADIATOR GOALS

- The Gladiator is designed to survive in any inner city environment
- Uprights made from heavy duty 100mm square steel 5mm thick
- Withstands load bearing of 490kg
- 1.8m extension
- Steel backboard 120cm x 90cm with a Polycarbonate fascia
- 45cm solid galvanised ring
- Complete with ground socket and net
- Strengthened spec to allow for longer reach

BS-008 £2,640.00 PER PAIR

2. 670 SURE SHOT GLADIATOR BASKETBALL GOALS

- The Gladiator is designed to survive in any inner city environment
- Uprights made from heavy duty 100mm square steel 5mm thick
- Withstands load bearing of 490kg
- 1.2m extension
- Steel backboard 120cm x 90cm with a Polycarbonate fascia
- 45cm solid galvanised ring
- Complete with ground socket and net

BS-007 £2,440.00 PER PAIR

3. 645 SURE SHOT ORIGINAL GOOSENECK GOALS*

- Gooseneck design originated in USA to survive the harshest inner city environments
- Uprights made from 114mm diameter galvanised, 4.5mm steel
- Direct installation, no sockets required

MARK HARROD

BINS

1. NEXUS 200 RECYCLING BIN

- Co-mingled recycling stream and a general litter bin in a single, space-saving unit
- Designed with a slim, elliptical shape to take up as little space as possible, while still collecting large amounts of material. The curved hood prevents litter being left on top of the bin and stops rainwater from pooling on the unit
- A door & lock design makes emptying the unit quick and simple. The doors feature concealed hinges that interlock with the container at three points for maximum strength and security
- 2 x 100 litre zinc-coated steel liners
- Double-skinned body and doors
- Anti-flyposting finish
- Four A3 poster frames with Recycle Now graphics

BIN-003 £758.00 EACH

2. WIRE MESH LITTER BIN

- 760mm high, 400mm diameter, plastic coated green

BIN-001 £75.50 EACH

3. HOODED LITTER BIN

- Bin body made in Durapol, metal liner is zinc coated steel, plastic liner is polyethylene
- Keyless locking system or 5 point key lock with a steel or plastic liner
- Available in blue, green, red or black
- Bin volume 110 litres, liner capacity 90 litres, height 1m, diameter 545mm, weight 15kg

BIN-002 £198.00 EACH

4. NESTOR 400 GRIT BIN

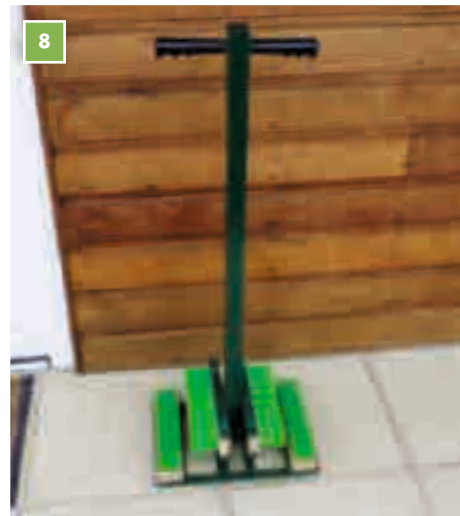

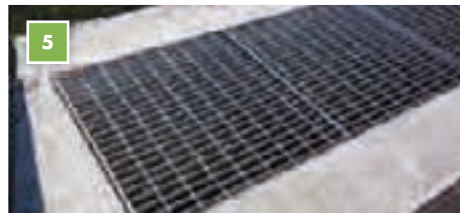

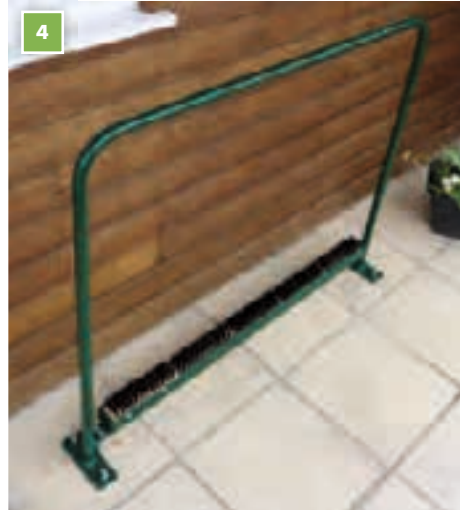

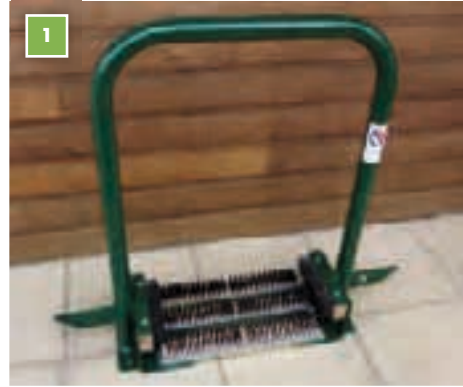

- 400 litre capacity, length 1150mm, 975mm high, 725mm wide
- Double skinned construction ensures the lid does not open in windy conditions and helps keeps the contents dry

BIN-SAND £250.00 EACH

BOOT WIPERS

FIXED & FREESTANDING BOOT WIPERS

Mark Harrod boot wipers are ideal for 3G pitches and club houses

MARK HARROD

FOOTBALL

IF WE DON'T KNOW IT, IT'S NOT WORTH KNOWING

WE UNDERSTAND THAT PURCHASING FOOTBALL GOALS IS A BIG INVESTMENT, SO IT'S IMPORTANT FOR YOU TO KNOW WHY YOU SHOULD BUY YOUR GOALS FROM US.

UK MANUFACTURING

All our manufacturing takes place at our factory in the heart of the Midlands. As a result we have been able to utilise many practices normally reserved for heavy industry manufacturing, meaning our products are exceptional quality.

LONG LASTING

Whether choosing from our aluminum or steel goals you can be sure that your goals are built to last. Our aluminum goals are made from reinforced elliptical aluminum and our 60mm or 76mm heavy weight steel goals are finished with either hot dip galvanising or zinc plating resulting in the greatest resistance to damage. Our powder coat finish goals meet comprehensive quality requirements, long term value and durability.

EXTENSIVE RANGE

From 11-a-side to Futsal, for training and games, on grass and synthetic, we have a goal for every pitch. Choose from our wide range to find the goal that suits you.

DIRECT TO YOU

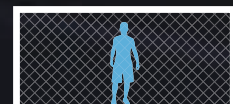

From specification, to manufacture, delivery and installation, you deal directly with us.

11-A-SIDE - P22

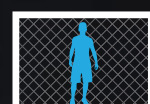

9V9 - P37

MINI SOCCER - P50

5-A-SIDE - P64

FUTSAL - P74

AS STANDARD WE HAVE OUR GOALS INDEPENDENTLY TESTED TO CONFORM TO BSEN748 OR BS8462:2012 AND THE LATEST BRITISH AND EUROPEAN STANDARDS. TEST CERTIFICATES ARE AVAILABLE ON REQUEST.

PITCH SIZES

We work closely with The FA and County Football Associations to ensure that our products meet recommendations and industry standards and always try and offer further expertise where we can. See below for some information that may be useful to you.

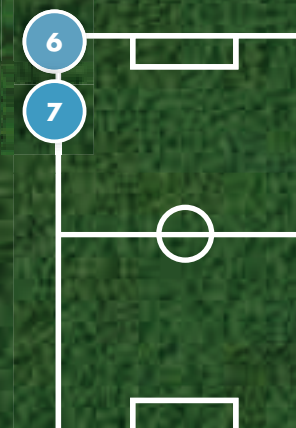

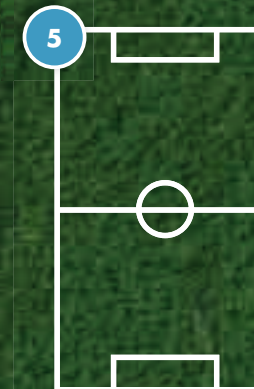

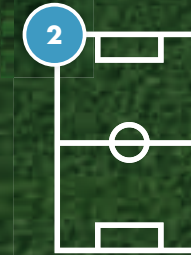

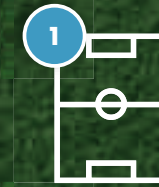

The run-off area beyond the pitch should be free of any obstacle (including dugouts and floodlight columns) to ensure players and officials do not injure themselves by running into any fixed object. The run-offs should be surfaced with exactly the same surface as the playing area. Tarmac and concrete are not allowed but 3G Football Turf is allowed for match officials run-offs.

Clubs participating in the National League System should refer to The FA National Ground Grading Documents (Grade A-G) as there is a minimum of 1.83m (two yards) required. However it should be noted that a run-off of three yards or more is desirable. All new pitches should have a minimum of four yards run-off to accommodate any future changes in the National Ground Grading Documents.

Clubs participating in the National League System should refer to The FA National Ground Grading Documents (Grade A-G) to ascertain the size of dugouts and amount of hard standing required for the level they play at.

Where pitches are located alongside each other, a minimum of six yards run-off should exist. An additional four yards might be required to accommodate spectator areas.

It is recognised that County Football Associations and Leagues may have defined their own rules for their own competitions which are within the maximum and minimum sizes as set out in the Laws of the Game. However, the above pitch sizes should be adopted where possible.

1. MINI SOCCER U7/U8

TEAM SIZE: 5V5

MARK HARROD

11-A-SIDE GOALS

11-a-side football is played all over the world from local town clubs right through to Premiership level.

The standard size for an 11-a-side goal is 24 x 8ft (7.32 x 2.44m) for senior and 21 x 7ft (6.40 x 2.13m) for youth players. Goalpost safety is key. All Mark Harrod 11-a-side goals conform to BSEN748 or BS8462:2012 when anchored correctly.

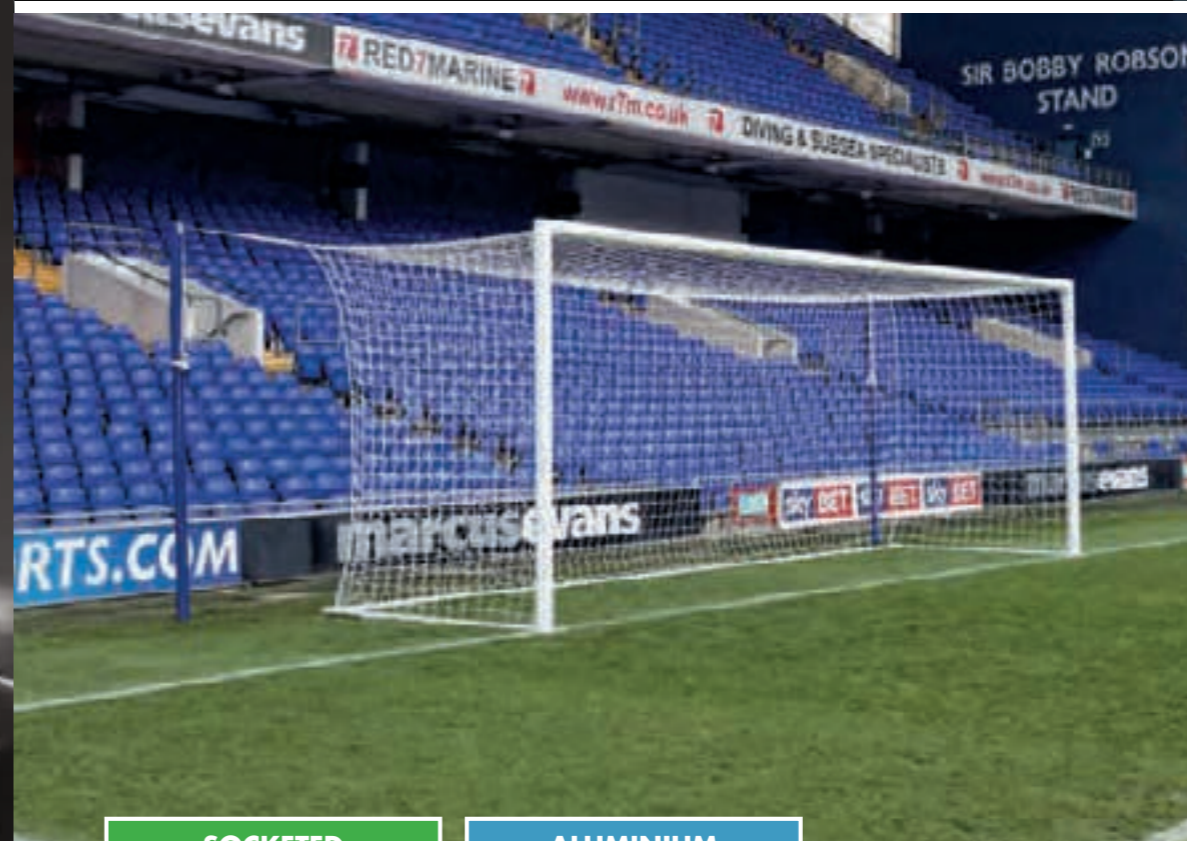

Complete your pitch with our football equipment and training accessories from page 82.

SENIOR - 7.32M X 2.44M (24FT X 8FT)

YOUTH - 6.40M X 2.13M (21FT X 7FT)

MARK HARROD

MINI SOCCER GOALS

Mini Soccer allows children under ten to have a greater involvement in the game. Fewer players and a smaller pitch means they can develop their skills.

The standard size for a mini soccer goal is 12 x 6ft (3.66 x 1.83m) in England and Wales or 16 x 6ft (4.88 x 1.83m) in Scotland. Goalpost safety is key. Mark Harrod goals always conform to the BS8462:2012 standard set by The FA and BSI.

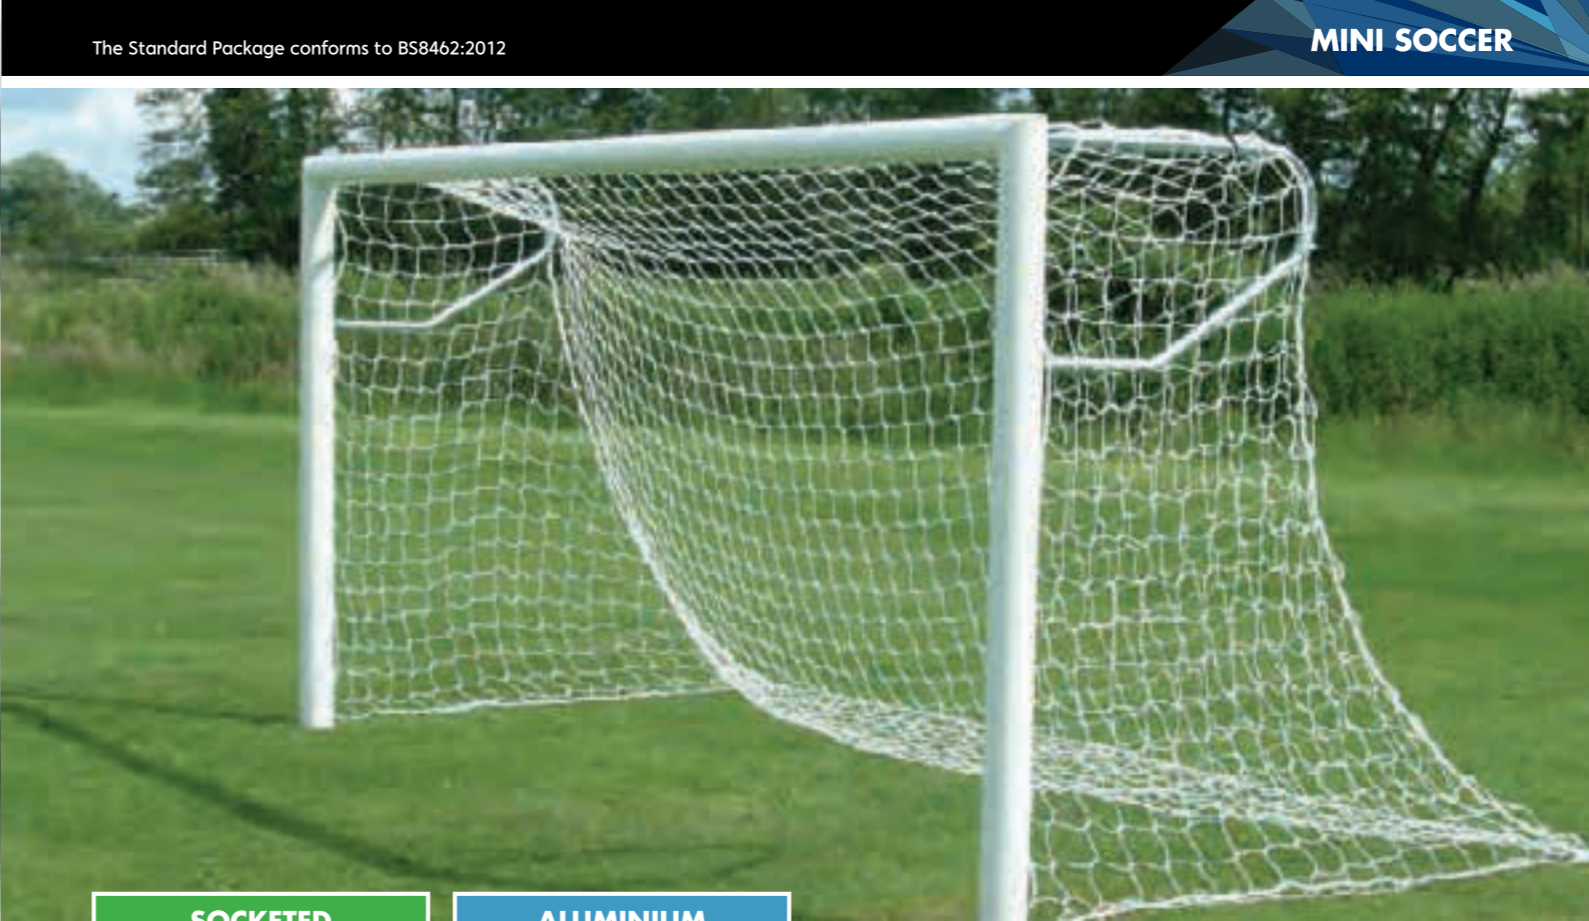

Complete your pitch with our football equipment and training accessories from page 82.

MARK HARROD

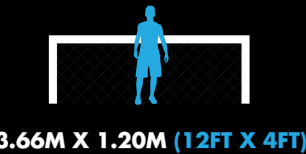

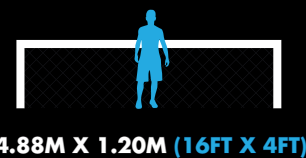

5-A-SIDE GOALS

Despite its official name 5-a-side can be played with between 4 and 7 players. It offers fast, competitive and skilful football for any level of player.

The standard size for a 5-a-side goal is 12 x 4ft (3.66 x 1.20m) for juniors or 16 x 4 ft (4.88 x 1.20m) for senior players. Goalpost safety is key. Mark Harrod goals always conform to the BS8462:2012 standard set by The FA and BSI.

Complete your pitch with our football equipment and training accessories from page 82.

MARK HARROD
FUTSAL
GOALS

**WE ARE THE UK'S
LEADING SUPPLIER**

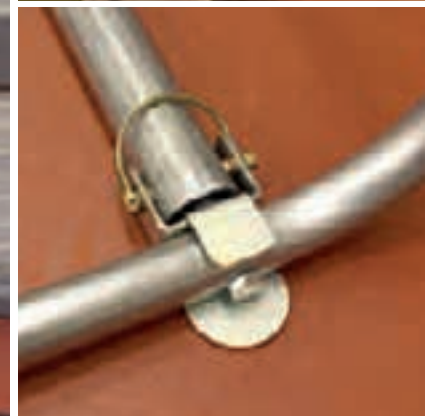

Futsal is a fast paced game. Typically played inside, it focuses on technical expertise and ability, skills that can be translated into the 11-a-side format game.

The standard size for a Futsal goal is 3 x 2m for outside use or 3 x 1m for inside use. Goalpost safety is key. Mark Harrod goals always conform to the BS8462:2012 standard set by The FA and BSI.

Complete your pitch with our football equipment and training accessories from page 82.

PITCH MAINTENANCE

LINE MARKING MACHINES

A selection of line marking machines suitable for synthetic and grass pitches

1. MH GLIDER SPRAY MARKER

- The Impact Glider is a high pressure, battery operated machine giving total control of paint application. Up to 2 x 10 litres of paint can be carried on the machine with paint being applied direct from the containers
- The machine applies a controlled volume of paint time after time ensuring consistency of line, making life easy for the operator and enabling accurate costings per pitch to be calculated
- Minimal maintenance procedures to reduce down time
- Integral water cleaning system - see Flush Thru cleaner below
- Ideal for use with Impact Gold line marking paint
- For line marking on both grass and hard surfaces
- Please specify the type of paint you intend to use when ordering

MK-025 £530.00 EACH

MH glider spray marker tank - 20 litre

MK-025T £30.00 EACH

2. IGO MINI LINE MARKING MACHINE

- Sophisticated in design, yet simple to operate, the iGO Mini is straight forward to maintain and has many advanced features such as a high pressure pump, pre-drilled disc spacers and removable paint pod
- The battery can be easily removed and charged away from the machine if required
- High-pressure delivery of Impact Sport paint to the target surface
- Consistent, bright lines every time
- Designed for use with Impact Sport ready-to-use paint
- Can be used on hard surfaces
- High pressure system for consistent paint application
- Consistent application enables accurate costings per pitch
- Removable battery for flexible re-charging options
- Accessibility to all parts allowing easy maintenance
- The iGO Mini carries a 5ltr carton. This could allow the operator to over-mark up to 4 standard sized pitches without returning to a central base

MK-035 £360.00 EACH

3. TENNIS LINESMAN MARKER 2" WHEEL - 9L

- Spec same as MK-016

MK-015 £300.00 EACH

4. DIMPLE MARKER 4" WHEEL - 17L

- Wheel to wheel transfer machine with a 4in marking wheel
- 17 litre capacity and easy to clean

MK-008 £560.00 EACH

5. MANUAL LINE MARKER

- Holds a can of 750ml aerosol spray

MK-013 £95.00 EACH

6. 750ML AEROSOL FOR MANUAL LINE MARKER

- Available in white, red, blue and yellow

MK-AEROSOL £6.20 EACH

7. FLUSH THRU CLEANER

- Flush Thru Liquid Cleaner is a ready to use liquid cleaner designed to cleanse pump and nozzles of line marking machines
- Ready to use straight from the bottle and biodegradable

MK-024 £28.00 EACH

LINE MARKING PAINT

Suitable for synthetic, hard and grass pitches

1. IGO SPORT READY TO USE - 5L
 • Suitable for IGO Mini Line Marking Machine
 MK-029 £26.00 EACH

2. IMPACT XP - 10L
 • Impact Gold is the most advanced ready-to-use line marking paint
 • No mixing, measuring or dilution of the paint is required
 • Ready-to-use highly concentrated liquid paint
 • A standard football pitch can be over-marked with as little as 1 litre
 • Can mark out both grass and hard surfaces
 • Surface-dry within 20 minutes under normal conditions
 MK-023 £48.00 EACH

TENNIS

TENNIS POSTS - FREESTANDING

A range of freestanding posts suitable for clubs and schools

TENNIS POSTS - SELF WEIGHTED

Self weighted posts suitable for clubs and schools

1. SELF WEIGHTED TENNIS POSTS - STEEL

- Detachable front uprights made from 76mm square steel
- Powder coated green
- Base 1.2m wide made from 50mm square steel with stabilising foot
- 2 separate galvanised rollers with internal weights
- No need for a full length bottom bar
- Complete with rubber feet to protect the playing surface
- Overall depth of base 750mm
- Heavy duty brass winder and brass pulley

TN-040SW

£1,165.00 EACH

1. EASY MOVE FREESTANDING TENNIS POSTS

- These freestanding tennis posts are specifically designed for ease of movement. The unit has 6 braked castors allowing 360 degree movement. The advantage of the design of these posts makes it possible to get a better net tension than other models; this is best achieved using 2.5mm tennis net, although any net can be used on these posts
- The base is constructed from 3 cross members and 2 end pieces, all galvanized, which bolt together for a very robust construction. The nylon painted tennis posts drop into place on the base. The tennis posts have a fully British made brass winder and a brass pulley and spindle in both posts
- Overall length 13.93m

TN-103

£640.00 EACH

2. FREESTANDING TENNIS POSTS - STEEL

- Made from 80mm square steel
- Powder coated green
- Fitted with brass winder
- Comes with diagonal post braces and full bottom base rail supports
- For use on synthetic surfaces
- End posts have fitted wheels

TN-003

£510.00 EACH

3. FREESTANDING TENNIS POSTS TROLLEY

- Designed to transport freestanding tennis posts
- Powder coated green
- Fitted with 4 swivel castors

MAINTENANCE CONTRACTS

A STANDARD
SERVICE STARTS
FROM JUST
£450.00

We offer a Service and Maintenance Contract which ensures your Sports Equipment conforms to the BS8461:2012 Code of Practice, BS748:2004 and BS8462:2012. As a Sports Equipment manufacturer, we are proud to offer a high standard of work, carried out by our experienced staff who are all qualified to CSCS Gym and Sports Equipment Installation.

WHY DO YOU NEED MAINTENANCE?

- Safety is your responsibility
- Health and Safety requirements
- To prolong the life of your equipment
- BS 8461:2012 Football Goals - Code of Practice states that goals should be inspected regularly to ensure that they are still safe to use

A TYPICAL INSPECTION OF FREESTANDING EQUIPMENT ON A SYNTHETIC SURFACE WOULD INCLUDE:

- Welds checked, fixings tightened, minor repairs including replacement nuts, bolts and net hooks
- A cost will apply if nets, wheels or larger items need replacing
- A full report will be issued which will highlight any major defects
- A Goal Inspection Report will be completed by our engineers on completion of the inspection. Any additional work needed to keep your goals to the safety levels required will be detailed in a written quotation

TERMS

Strictly 30 days net from date of invoice unless other terms have been agreed. Any late payments will incur interest charges at 8% above the Bank of England Base Rate, this will be charged at a daily rate.

PAYMENT

Full payment with order may be required unless an approved credit account facility has been agreed and arranged.

PRICES

Every effort is made to keep prices firm, but we reserve the right to vary them without notice. All prices are quoted without VAT which will be added at the appropriate rate.

NEW ACCOUNTS

Please fax, email or post your order/requisition to enable us to set up a credit account. When applying to open an account, please supply the following information: name, address, club/organisation, telephone number, fax number and email address. In some cases payment with order will be required before delivery.

DELIVERY TIMES

Normal delivery time for small items is 3-4 working days. Large items (goal posts etc) are usually delivered within 21 working days. Next day delivery is available on some stock items; please enquire with the sales office when you place your order. Please note - goods must be signed for on receipt. Liability - Mark Harrod Ltd cannot be held liable for any consequential loss caused by late delivery or loss by our carriers; only for the value of lost goods.

DELIVERY CHARGES

Carriage will be charged on all orders at cost.

NON-DELIVERY/DAMAGE

In the case of missing or damaged items we must be contacted within three working days of receipt of goods. Non-delivery to be notified within 10 days from the date of invoice.

BRITISH MANUFACTURING AT ITS BEST!

Our products are manufactured and despatched from the heart of the UK

RETURNS

If for any reason you are unhappy with your purchase you may return the goods to us in their original condition within 14 days of receipt, and we will issue a full refund at the price you paid. Original delivery and any return costs will still be payable by the customer. Refunds will be made in the same manner as the original payment up to five working days after receipt of the return. All returns must be approved by Mark Harrod Ltd prior to return or your request for Mark Harrod Ltd to arrange collection of said goods. If Mark Harrod Ltd has made an error we will pay the return costs of the goods, should you have returned them to us. We will check all goods returned from you for defect or damage. If we find no fault, we reserve the right to re-charge you for the items and to recover our expenses from you.

*3 YEAR GUARANTEE

All our Steel Socketed Goals are given a three year guarantee. This guarantee covers the goal frame only (crossbars and uprights), including rusting.
